

Personnel Committee Report

November 19, 2022

Welcome Crystal!

If you have contacted our administrative assistant in the last few days you might have been surprised to find yourself speaking with a new voice! Lindsay Zubal will no longer be handling our account. Family obligations have arisen that required more of Lindsay's time, so Ministry Architects, the organization with whom we contract to fulfill this service, has assigned a new assistant. Crystal Goforth comes to us virtually from Clinton, South Carolina.

Crystal received her Bachelor of Science in Biology from Lander University in 2006. She married her husband, Michael Goforth, in 2008. They live in Clinton, SC (home of Presbyterian College). Her husband, Michael, works full-time for the South Carolina Army National Guard. They have two kids, Christina, and Paul. They also have a dog who is like another child, N'dago. They served as foster parents for 6 years and had eleven children in their care during that time.

Crystal has been serving in administrative/ministry assistant roles since 2006 starting in collegiate ministry and moving into more of an administrative assistant role in a local church in 2012 after taking about a year and half off to stay home with Christina while her husband Michael was deployed. Crystal started serving ministries virtually in 2020. Crystal currently serves in her local church through teaching preschoolers about missionaries.

You can reach Crystal with the same email address, office@greatriverspby.org or by phone 309-683-6980. If you choose to call, please leave a message, and Crystal will return your call as soon as possible.

Welcome Crystal! We look forward to working with you!

By Joyce Chamberlin, Personnel Chair
